Quick Tips for Avoiding Scams:

Fraud is happening each and every day and can happen to anyone. Even right here in Tucson, Arizona.

Know what to look for:

- Who is calling you?
- If you get a call from a company, agency or anyone purporting to be a representative and wanting information, the best response is to thank them politely, ask their name, and state you will call the company back to talk. Then call the company from a trusted phone number you either already have or can find on their website.
- Use caller ID – If someone is calling you and they are not in your contacts and you don't recognize the name or number, just don't answer! If it was someone you knew, they will leave a message and you can call them back.

What are they asking you for?

- Never pay anyone who insists you pay with gift cards or money transfer services and never click on links in email or texts, even if they ask you to.
- Tucson Old Pueblo Credit Union staff will never ask for your debit card number, account login details, online banking verification text code, or Personal Identification Number (PIN).

When in doubt, don't be afraid to check with your local TOPCU branch or someone you trust. TOPCU wants to help keep our members both aware and safe from potential fraud. Stay tuned for related articles and resources we have on this important topic to help keep you informed and fight against fraud.
