DIGITAL WALLET

MORE SECURE WAYS TO PAY

Securely store your TOPCU debit or credit Visacard® in your phone's digital wallet for quick checkouts when shopping in store or online. It makes purchases easy, convenient, and secure!

Paying with a digital wallet is safer than giving the store your card number and PIN. Transactions are validated by a number that is unique to each device and card. This encrypted number is used to authorize purchases so your card number and PIN are never transferred or stored with the merchant. This way, they are less likely to be compromised.

TOPCU Visacards® are compatible with:

Apple Pay™

Google Pay™

Samsung Pay™

Get Pre-Approved Before Heading to the Dealership

When you're in the market to buy a car, paying cash is the ideal way to get the best deal. That's not always practical, but you can get the next best thing -- a pre-approved loan.

Going into negotiations with a loan already approved gives you a huge bargaining chip in the car buying process.
