

April Is Youth Month— Helping Kids Have a Future Full of Possibilities

As a parent, you want to help make your child’s dreams come true. Many of those dreams will require money. So, how do you help your children achieve their dreams?

One way is to help them learn how to save their money now!

In April, TOPCU and credit unions across the country are celebrating Youth Month, a program that helps teach and encourage kids to develop good financial habits. The theme

this year is “*The Science of Saving*,” showcasing fun, sci-fi-inspired characters. Science has proven that starting with small goals, saving can become a regular habit. This year’s Youth Month inspires children to begin saving now so they can attain their dreams of a happy future.

Is your child a TOPCU TOP Star? If not, sign up during the month of April and mention this article, and we’ll waive the membership fee!
